BRYAN DONKIN USA GAS REGULATORS RECEIVE MASS BOARD APPROVAL

BRISTOL, Conn. – Bryan Donkin USA on Monday announced it has secured approval from the Massachusetts Board of Registration of Plumbers and Gas Fitters for its line of high and medium pressure gas regulators. Specific models covered include the 240, 260, 273PL and 274 gas regulators. The approval, which comes on the heels of recent CSA/ANSI Z21.80 certification of the same products, provides contractors and other clients in the state of Massachusetts access to the premium Bryan Donkin USA line of gas products, allowing them to be specified with confidence.

The Board of Registration of Plumbers and Gas Fitters regulates these occupations in the Commonwealth of Massachusetts in accordance with the state laws and Board regulations. The Board holds examinations and issues licenses for Journeyman and Master Plumbers, Journeyman and Master Gas Fitters, and LP and LTD Gas. It registers apprentice Plumbers and Gas Fitters and issues corporate and partnership certificates for plumbing and gas. The Board holds public hearings for code amendments, grants variances, approves dual and elevated gases and plumbing and gas products.
